NO. 64.

ALL GERMAN CONSULATES IN UNITED STATES HAVE BEEN ORDERED CLOSED

ACTIVITIES INIMICAL TO WELFARE OF THIS COUNTRY WAS CAUSE

UNDERSECRETARY OF STATE SUMNER WELLS SAYS NO DIPLOMATIC BREAK IMPLIED

WASHINGTON, June 16.—(P)—The United States today ordered all German consulates closed by July 10 because of activities "inimical to the welfare of this country."

Announcing the action, Sumner Welles, undersecretary of state, said it did not imply a break in diplomatic relations with Germany and did not affect the diplomatic staff in Washington.

He made the announcement after handing a note to Dr. Wilhelm Tannenbergh, first secretary of German embassy.

The order comes from the closing of the German library of information, the railway tourist bureau and the German transocean news agency. It calls for removal of all nationals connected with the consulates and these agencies.

(Transocean is not connected with any American news agency.)

"It has come to the knowledge of this government," the Welles note said, "that agencies of the German Reich in this country, including German consular establishments, have been engaged in activities wholly outside the scope of their legitimate duties."

"These activities have been of an improper and unwarranted character."

"They render the continued presence in the United States of those agencies and consular establishments inimical to the welfare of this country."

Other Consulates Closed.

This was the first action against German consular establishments in this country, although Italian consulates at Detroit and Newark, N. J., were ordered closed some time ago.

Today's notice to the German government affects scores of consular officials throughout the United States, including Captain Fritz Wiedemann, the German consul general at San Francisco who is a personal friend of Adolf Hitler.

In making the action known, Welles told his press conference that the government had nothing in mind at this time regarding similar action against other countries, including Italy.

He added that the step had no relation to the sinking of the American merchant ship Robin Moor which survivors said was torpedoed by a German submarine.

The closing of the German consulates and other agencies, Welles said, had been under consideration for some time.

Germany has twenty-four establishments in the United States and its possessions. They are Mobile, Los Angeles, San Francisco, Lubbock, and Colon, Canada; Denver, Honolulu, Chicago, New Orleans, Baltimore, Boston, Detroit, Kansas City, Mo.; St. Louis, Buffalo, New York City, Cleveland, Portland, Ore.; Philadelphia, Pittsburgh, Manila, Aguadilla, P. R.; San Juan, P. R.; Newport News.

REPORTS OF BREAK BETWEEN NAZIS AND SOVIETS INCREASE

BRITONS, HOWEVER, WARY OF MATTER AS PRESAGING ATTACK ON ENGLAND

LONDON, June 16.—(P)—A reliable foreign source said today that German-Russian relations are rapidly approaching a critical stage where they must either be cemented more closely in a Pan-European economic scheme or break into open hostility.

The situation, this source said, has arisen from Germany's pressure for more oil, grain and ore from Russia and the conviction of certain Russian leaders that the spread of German influence through repeated European victories was endangering the Soviet's own ambitions as a world power.

Anti-German Russians were said to express fear that German domination of the Balkans and Black Sea, if further extended, might reduce Russia to a second rate place among nations.

Russian diplomatic sources in London, however, refuse to go beyond the insistence of Tass, official Soviet news agency, that German-Russian relations are continuing amicably.

LONDON, June 16.—(P)—Wary Britons weighed increasing reports of an imminent break between Soviet Russia and Nazi Germany against their own mounting conviction today that the talk and the troop movements were a feint to hide the real blow at Britain.

However, the press and public gave careful attention to each new high, apparently indicating that the Nazi military strength actually might be diverted to the East by trouble or the threat of trouble with the Red Army.

It was acknowledged generally

BLOODY FIGHTING MARKS ADVANCE OF ALLIES IN SYRIA

HOPED-FOR MINIMUM OF BLOODSHED FAILS MATERIALIZE IN MIDDLE EAST

VICHY, UNOCCUPIED France, June 16.—(P)—French military dispatches from Syria admitted today the British had captured Kissour, 10 miles south of Damascus and the main bastion of that city's defenses.

LONDON, June 16.—(P)—Bloody fighting where the British and Free French had hoped for a minimum of bloodshed ended the Allies' drive in the Levant today as Beirut and Damascus, capitals of Lebanon and Syria, almost were within their grasp.

"In spite of strong opposition offered by Vichy troops, allied forces captured Kissour on our right flank and Sidon on the coast," said general headquarters in Cairo.

The British Imperial and De Gaulle forces thus were able to advance to within five miles of Damascus and 12 miles of Beirut, according to British sources.

Kissour, a strong point in the outlying defenses of unfortified Damascus, is 10 miles south of the ancient walls of that capital. Sidon is 20 miles south of Beirut, on the Lebanese coast.

Adolf Korenek, 23, of LaGrange; Will Jakobetz, 23, of Smithville; and Miss Ruby Mueller, 16, of Reuterville, were killed in a head-on automobile collision 10 miles south of Smithville at 2 a.m. Sunday.

LEGISLATURE SENT HUGE EDUCATIONAL BILL TO GOVERNOR

MEASURE CARRIES SUM OF \$22,706,000 FOR INSTITUTIONS OF HIGHER LEARNING

AUSTIN, June 16.—(P)—The legislature today sent the mammoth education appropriation bill to Governor W. Lee O'Daniel.

Final legislative action was adopted by the senate of which the bill, which appropriates \$22,706,000 for institutions of higher learning in the biennium beginning Sept. 1.

The senate also passed a house bill amending the liquor regulation law to rectify conflicting penalties and provide that two years must elapse between elections.

It acted immediately after rejecting an amendment by Senator Joe Hill of Henderson which would have forbidden employment of women in liquor package stores unless they were relatives of licensees within the second degree and were over 18 years of age.

Other amendments adopted necessitated return of the bill to the house.

The adjournment-recess controversy between the senate and house resounded anew after a free conference committee reported it could not agree and was discharged.

The house followed up with approval of a concurrent resolution proposing a recessing from June 20 to July 15 and adjourning sine die on July 18.

The vote was 72 to 56.

O'Daniel Appoints.

BRITISH LAUNCHED NEW NORTH AFRICAN OFFENSIVE MONDAY

CLAIM ITALIAN MOTORIZED COLUMN ROUTED; ITALIANS CLAIM SUCCESSES

LONDON, June 16.—(P)—British troops, pacing a newly launched offensive in North Africa, were reported today to have routed an Italian motorized column in Gabes and in Libya, 40 miles west of Salum, outpost on the Libyan-Egyptian border.

This operation was reported to be in the nature of a raid and apparently was carried out by troops operating ahead of the main offensive force, since the Middle East command at Cairo reported fighting in progress east and southeast of Salum.

The advance of the Imperial forces across the blistering desert into Libya was believed in some quarters to be the start of a "wasting" campaign in which General Sir Archibald P. Wavell hopes to harry and raid the axis forces without risking a pitched battle.

Others thought it might be the beginning of a campaign to re-

INDICTMENTS BY U. S. GRAND JURY

FOOD PRICES PROBE

CHICAGO, June 16.—(P)—Sixty-nine persons, firms and organizations were indicted today by a federal grand jury investigating food prices.

The defendants included thirty-one canning companies and three national canned pea marketing associations.

They were accused of conspiring to fix prices for canned peas in violation of the Sherman anti-trust act.

The indictment alleged that since 1936 the defendants had agreed upon an average reduction plan determined the annual price of each canner, suppressed competition among canners and fixed non-competitive prices for canned peas.

SEVENTEEN PERSONS DIED VIOLENTLY IN TEXAS OVER WEEKEND

AUTOMOBILE ACCIDENTS ACCOUNTED FOR SIX DEATHS; THREE FATALLY SHOT

(By The Associated Press.) At least seventeen persons died by violent means in Texas over the weekend. Automobile accidents claimed six lives, three were shot fatally, one drowned, two died in a motorcycle accident, one burned to death, one was found hanged, one was sashed, one died after an altercation and a train killed another.

An automobile collision south of Lancaster early Sunday took the lives of Mrs. Espa Stanford, 58, of Dallas, and Mrs. John W. Killen, wife of a Sergeant Killen of Fort Sam Houston, San Antonio. Killen was in a critical condition in Dallas hospital. Mrs. Stanford was en route to Austin where she once was a member of the state accident industrial board and secretary to Pat M. Neff when he was governor. She was national vice president of the Altrusa Club. The Killens were en route to Cincinnati to visit her mother.

Adolf Korenek, 23, of LaGrange; Will Jakobetz, 23, of Smithville; and Miss Ruby Mueller, 16, of Reuterville, were killed in a head-on automobile collision 10 miles south of Smithville at 2 a.m. Sunday.

RAYBURN FORESEES LARGE EXPANSION OF FLOOD CONTROL WORK

SPEAKER RAYBURN BACKS RECOMMENDATIONS FOR TRINITY DEVELOPMENT

WASHINGTON, June 16.—(P)—Speaker Rayburn (D-Tex.) urged approval of a \$15,000,000 waterway development on the Trinity river told the board of army engineers today he though congress should not "trown upon" legislation authorizing \$1,000,000,000 worth of rivers and harbors and flood control improvements as a backlog for employment when the present emergency was over.

The board met in special session to hear views of proponents and opponents of recommendations of army district and division engineers that canalization of the Trinity upstream to Dallas and Fort Worth would be economically justifiable.

Rayburn told the board that he was thoroughly in accord with any undertakings deemed feasible by army engineers which would develop the nation's transportation.

A cut should be made to prevent this backlog," he said, adding that oil from other ports of the state moved to the Gulf coast and the problem was statewide.

Nixon urged that the industry face the situation frankly and take steps to meet it. He said, however, that he had heard little talk about it, and that oil men were apparently unconcerned.

"The oil men of Texas are either asleep, the cat's got their tongue, or they don't want to say anything," agreed Jerry Sadler, member of the railroad commission, before which the hearing was held.

Nixon urged that the industry face the situation frankly and take steps to meet it. He said, however, that he had heard little talk about it, and that oil men were apparently unconcerned.

"The oil men of Texas are either asleep, the cat's got their tongue, or they don't want to say anything," agreed Jerry Sadler, member of the railroad commission, before which the hearing was held.

Other witnesses pointed out that the Panhandle was "no transportation bottleneck in the Panhandle," and that, on the other hand, there was no all oil that could be developed.

Eleven survivors of the Robin Moor, who reached Brazil, had abandoned their ship for lifeboats May 21 in mid-Atlantic just before the Robin Moor was torpedoed.

Eleven survivors who reached Brazil, were leaving for the United States to recuperate.

In New York, Arthur Lewis Jr., vice-president of the Robin Moor, said he had received a cable from the firm's Capetown agents, Mitchell Cotts and Co., Ltd., saying that the survivors "just arrived" and that further details would be sent later.

The rescue of the remaining passengers and crewmen should

WAR COMMENTATOR INTERPRETS NEWEST EVENTS ALONG BATTLE FRONTS IN ADOLF HITLER'S WAR

(This daily feature, conducted by DeWitt Mackenzie, is being written in his absence on vacation by Fred Vanderkam.)

Tribloid interpretations of today's daily headlines:

British attack in North Africa: This is practical application of Britain's new war plan, expounded only a week ago by Winston Churchill: "Fierce and stubborn resistance, even against heavy odds, even under exceptional difficulties and disadvantages." For two months the formidable axis forces have been a stranglehold on the British, completing every preparation for the assault on Suez deterred only by the scrappy little Tobruk garrison inside their lines. Now the British, reinforced by men and machines from East Africa, have attacked these axis concentrations in force, despite the blazing heat, despite the toll they knew the swarms of German dive bombers would be able to take.

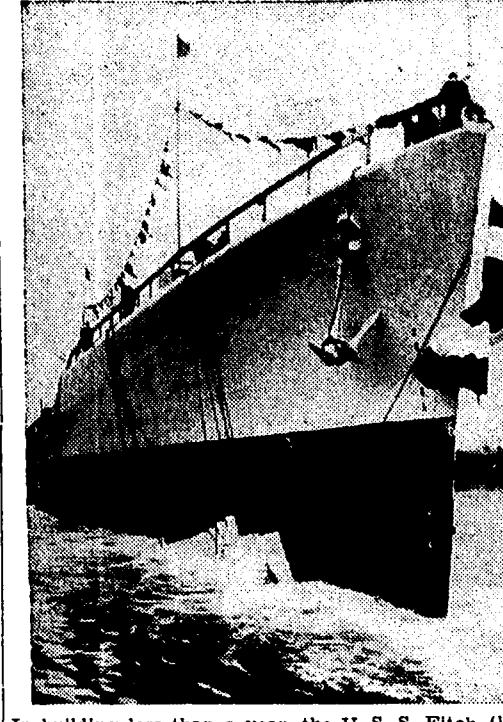

By doing so, they may be

driven into the American safety zone, narrowly missing the U. S. gunboat Tutu.

The British express fear German threat to Russia is a feint: This appears to reflect an attempt by

NAVY LAUNCHES TWO NEW DESTROYERS

In building less than a year, the U. S. S. Fitch (left) and the U. S. S. Forrest are shown hitting the water at Boston Navy Yard. Both are 1,700 tons and among the first of the Bristol type built. The Fitch was named in honor of Comdr. Leroy Fitch, Civil War naval hero, and the Forrest for Lt. Dulaney Forrest, hero of the War of 1812.

THREE ADDITIONAL GERMAN AGENCIES IN NATION ALSO CLOSED

ACTION CAME AFTER RESCUE OF ROBIN MOOR SURVIVORS HAD EASED TENSION

By The Associated Press. The United States clamped a padlock order on all German consulates in this country today only a few hours after news of the rescue of the last 35 survivors of the American steamship Robin Moor had tended to ease friction between Washington and Berlin.

All Nazi consulates were ordered closed.

Undersecretary of State Sumner Welles announced that the order also called for the removal of all German nationals connected with Nazi consulates and the closing of the German library of information, the railway tourist bureau and the German Transocean News Agency before July 10. Welles said the action did not imply a break in diplomatic relations with Germany but was taken because German consular officials and other Nazi agencies had been engaged in activities harmful to the United States.

FLAG DAY THOUGHT

Bayonets know no brotherhood. Cannon mouths repeat no creed. Force and hate, however great, Always to destruction lead. High the flag of freedom holds. Dream of all men in her folds.

Shackled serfs across the sea. Nations beaten and afraid. Trust their hopes of liberty. To the pledge our fathers made. Glorious flag of stripe and star, Hope of all mankind you are!

Flag of all that men hold best, Flag, which all, save tyrants love; Flag of truth and chance for youth; Flag of faith in God above, Glorious flag without a stain, Hearts and hands salute again!

for a new American revolution.

The American way is to preserve constitutional government and to make the best of things, including politics and party administrations, especially in critical times. Right now particularly it is no time for "wild, whirling words" on the part of critics or agitators of any breed. It is time for individuals and groups and rival parties to pull together and for those who cannot co-operate to remain silent, except for honest and constructive criticism.

OUR BILL OF DUTIES.

There's a timely kick in the "Bill of Duties" that Vice President Wallace proposes, to supplement our famous "Bill of Rights." It will do us good to think along this line, at a time when Americans mostly seem to be more interested in getting public service than in giving it. There are seven points, as follows:

The duty to serve the public welfare ahead of minor welfare;

The duty to make our democracy more efficient;

The duty to pass around our materials and benefits;

The duty of an economic democracy along with political democracy;

The duty to study and know our country as a whole;

The duty to be orderly;

The duty to observe the spirit as well as the letter of our rights.

STEADY DEFENSE SAVINGS

The defense savings stamp and bond program today differs from the Liberty Loan campaign of 1917 and 1918. The purpose is not to raise a huge sum quickly, but to be a continuing, steady, day-by-day piling up of funds. That is why the Treasury Department has not launched a big, spectacular drive to put the program over. The government relies less on emotional appeals and more on education of the public.

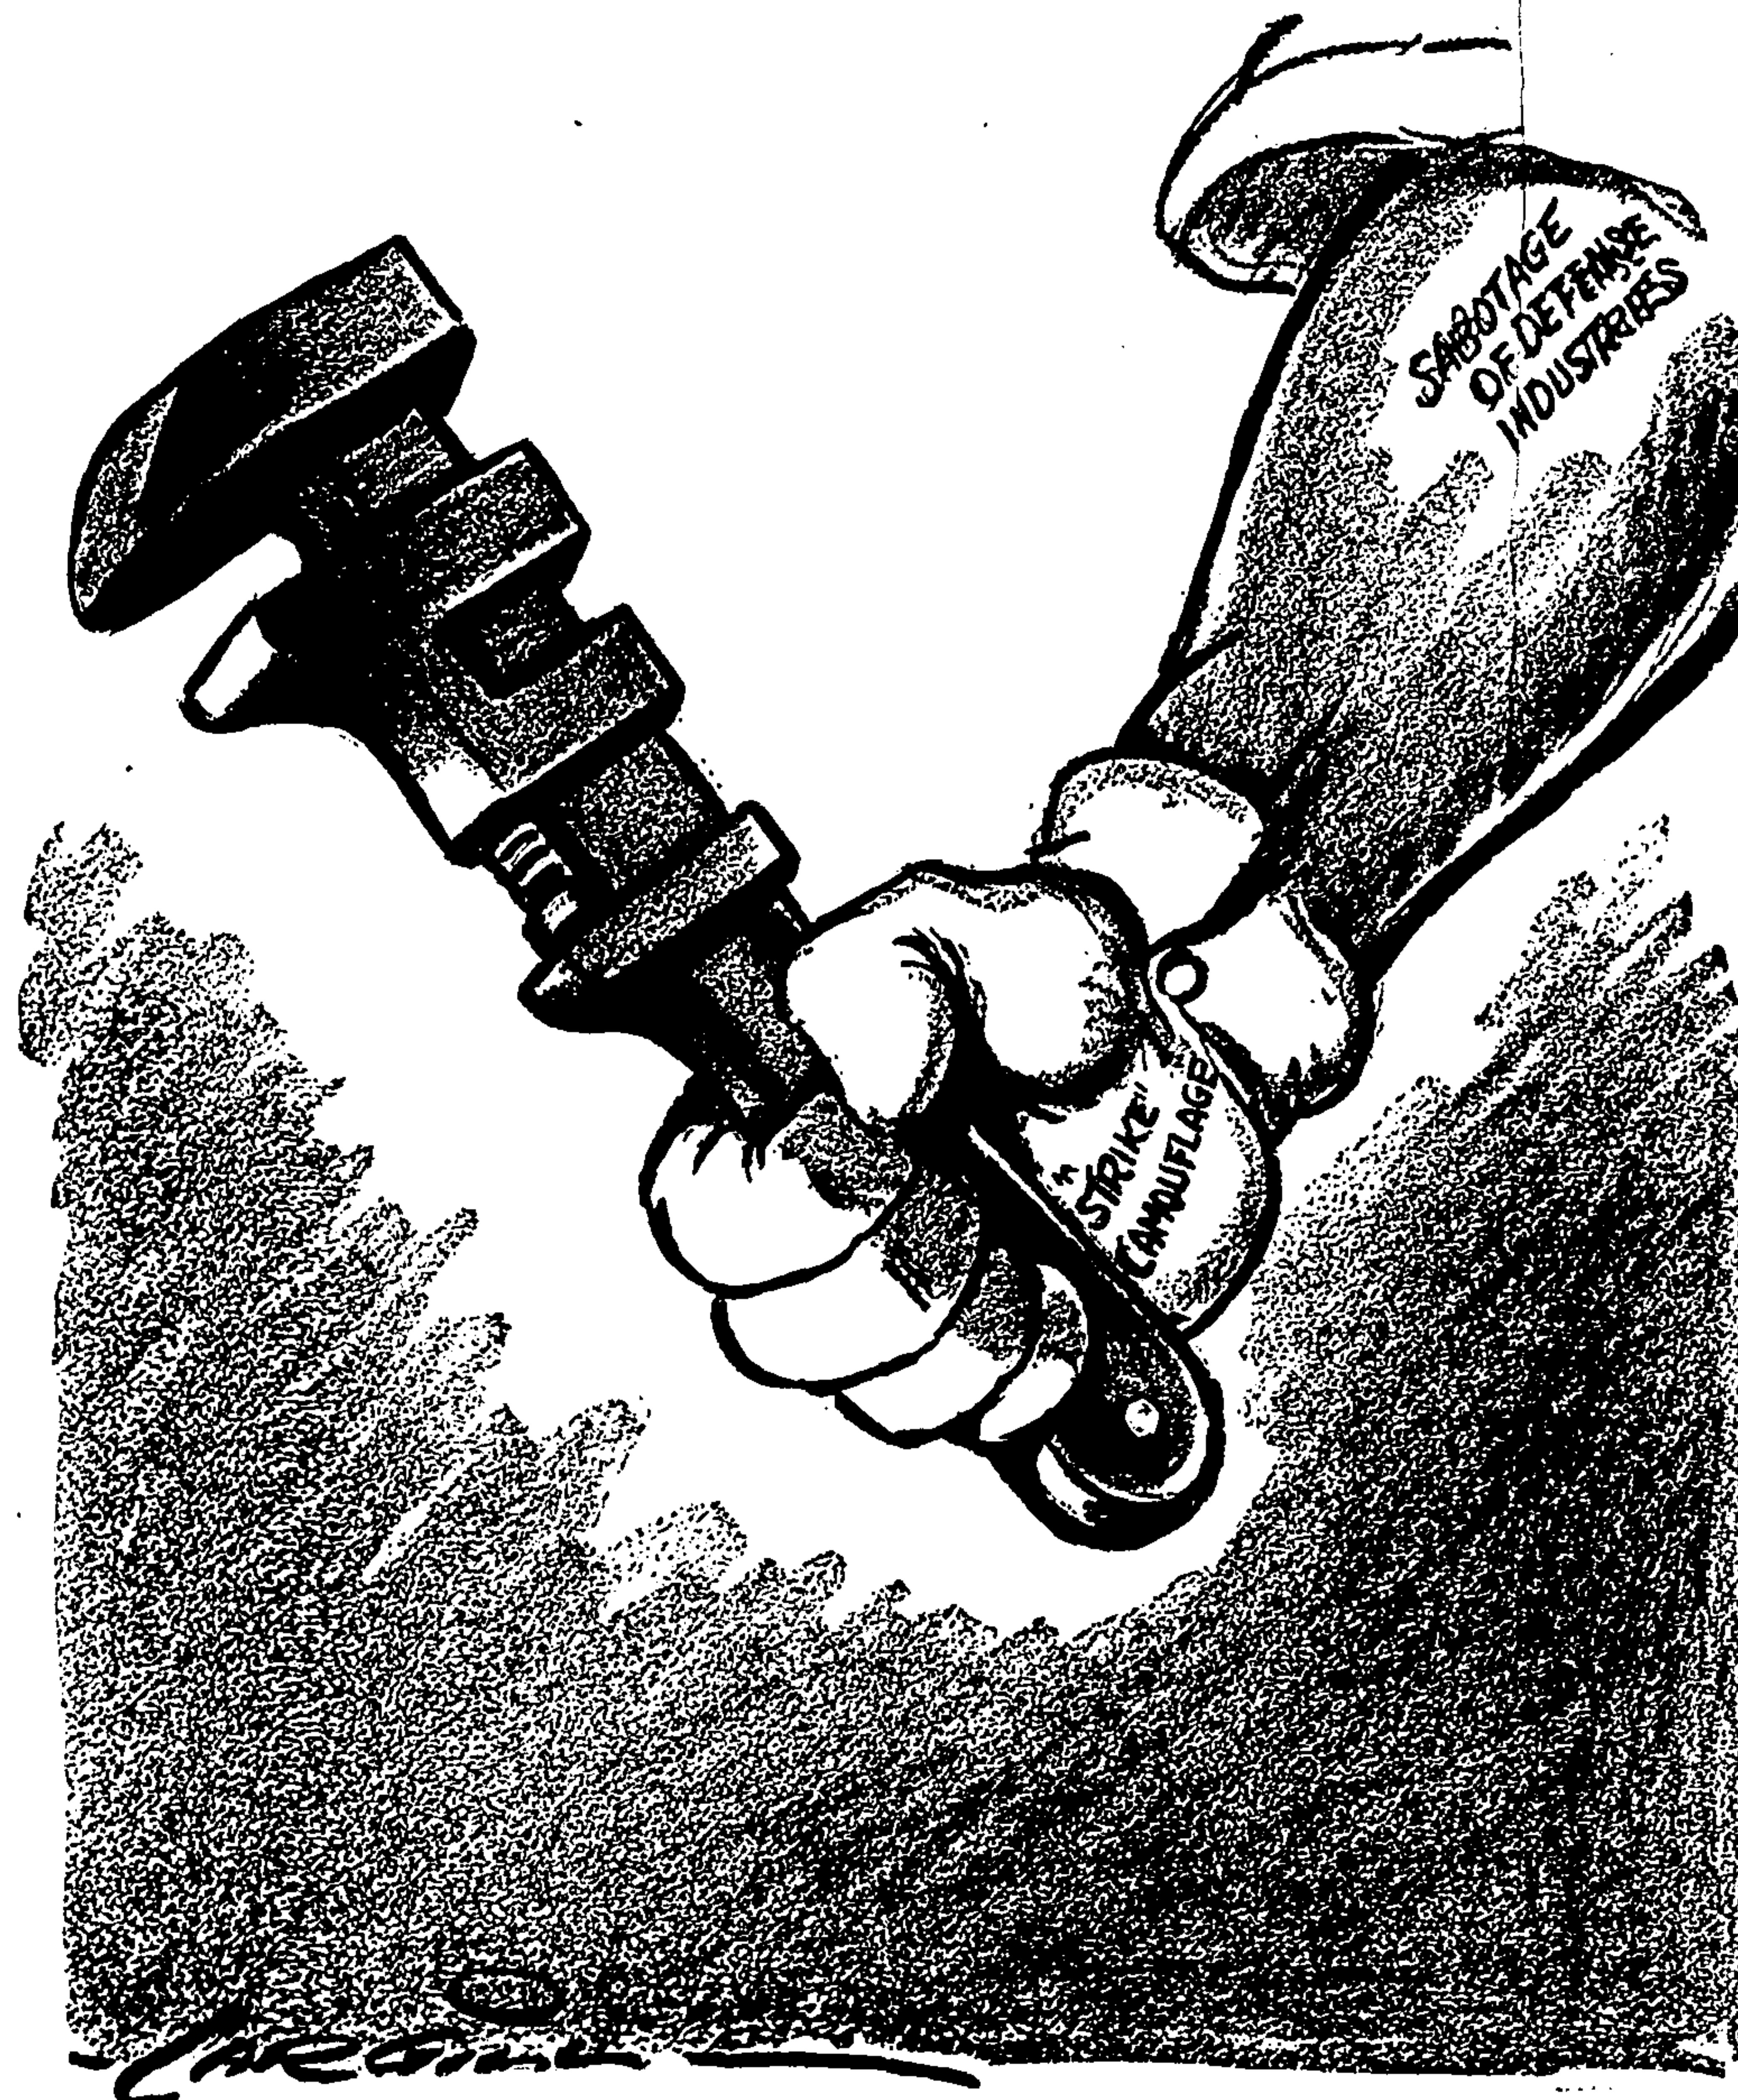

The sales of defense bonds and stamps in the first seventeen days of May brought in nearly \$258,000,000. If that rate were maintained the yearly total would be close to \$5,500,000,000. No one can be sure now whether there will be much falling off from the initial interest, but there should not be. American citizens ought to budget those savings bonds and stamps into their financial routine. Children should be taught to put a definite portion of their allowances into stamps. And then, as understanding of their purpose and availability grows, Americans should begin to pin other items here and there in order to buy more defense bonds or stamps.

News that the Decoration Day week-end killed more than 400 persons in holiday accidents of one kind and another, suggests that it might be a good idea to make the Fourth of July gasless as well as firecrackerless.

Then, again, there's the city man who drifted in the other day and wanted to know why synthetic rubber couldn't be raised on farms.

There have been times when this country needed cooling off. Lately it has needed warming up.

It's some time now since we've heard a public orator bragging about our "glorious isolation."

OLD HAND, NEW GLOVE**STATE HOME LADS SEEK TWO CONTESTS STRONGER ELEVEN**

With seven games slated for the 1941 season, Coach Charles A. Zunker of the State Home Lads is desirous of arranging a couple of non-conference tilts with strong teams within a 100 mile radius of Corsicana. Both games might well be road tilts.

Coach Zunker reports that only three of the boys of the 1940 squad will be missing this fall, with the remaining players having gained weight and experience.

The Lads have just completed a successful spring training session.

The opening tussle will be the annual grudge tilt with the IOOF Home Lynd, Sept. 10. This annual tilt generally is played late in the season, but has been moved up in order not to conflict with the later schedule.

The Lads compete in the inter-scholastic district embracing Tague, Hobson, Marlin and Marton. This fall, Marlin, one of the 1940 members, has been transferred to another district, while the Ennis Lions have been placed in the AA company. Marlin and Marlin were added after the 1940 campaign closed.

The Schedule.

Sept. 19—IOOF Home at State Home.
Sept. 26—Open.
Oct. 3—State Home at Carlisle High.
Oct. 10—State Home at Grossbeck (district).
Oct. 17—Teague at State Home (district).
Oct. 22—State Home at Denton Demonstration School.
Oct. 31—Open permanently.
Nov. 7—Marlin at State Home (district).
Nov. 14—State Home at Marton (district).

WALLACE CAUTIONS FARM GROUPS EASE UP ON DEMANDS

WASHINGTON, June 13.—(P)—Vice President Wallace advised agricultural groups today to "take caution" in pressing demands for higher farm prices lest they incur control programs and suffer "irreversible" when peace comes.

Addressing a national AAA conference, the former secretary of agriculture said that those who showed a "greedy, grabbing and political spirit" during the present emergency "can expect to reap the whirlwind later on."

Wallace pleaded for national sacrifices by all groups, saying that "only the might of the United States stands between Hitler and world domination."

CONDENMED MAN IN ESCAPE PLOT FROM GROESBECK JAIL

GROESBECK, June 13.—Arlin F. Reese, under the death penalty at the local county jail, had planned a break for freedom officers revealed. Reese was assessed the death penalty after being convicted last summer for murder in connection with the fatal shooting of Lizzie Reinhart last August. The body of the slain woman was found on a road south of Corsicana.

W. F. (Bill) Green, deputy sheriff, discovered the plot when he placed two prisoners in jail. He reported 24 rivets had been sawed from a long iron plate that covered the locking bar on the cell door.

Reese, a graduate of the Kaufman public schools.

The bridegroom is a graduate of the Winters public schools and attended Texas Christian University, where he was a member of the Kaufman Herald. After a working trip to New Orleans and other southern cities, Mr. and Mrs. Callan will return to Kaufman to make their home.

Pursley WMU Will Meet Wednesday In Fred Kesinger Home

The Pursley WMU will meet in the home of Mrs. Fred Kesinger instead of meeting at the church as we have been. She invites all members of the church whether they are a member of the WMU or not, and also any other women that would like to come and join us.—Reporter.

Mildred Homemaking Club Ended Year In Successful Manner

The Mildred Homemaking Club ended a most successful year by serving the Alumnae Banquet at Mildred High School Saturday night, June 7. Among other things that the club has done this year in addition to its regular meetings include the Christmas party to which all club members invited guests, a radio broadcast, Easter and Son Banquet, presenting a special assembly, and serving the Junior-Senior Banquet. The club for the past year was made up of forty-three members of which Bobbie Jewel Ford was president.

Anderson was arrested in Dallas on a charge of two county warrant, signed by a Corsicana businessman who alleged he had taken a check on a trucking company in Mexico, drawn on a bank which had no such account. A similar case was reported here.

Keep Step With THE TIMES!****Much Flood Loss Could Be Avoided Bennett Asserts****SECOND LARGEST TEXAS WHEAT CROP FORECAST FOR 1941**

AUSTIN, June 13.—(P)—The second largest wheat crop in Texas history was predicted for 1941 to-day by the United States department of agriculture marketing service.

A record-breaking barley harvest was forecast, as well as a better than average oats crop.

Barley and grain crop prospects were in good condition and fruit crop prospects were excellent.

Because of excessive rains hindering harvest and retarding the maturity of grains, thus increasing hazards of rust, army worms and weather, some decline in production since June occurred.

Production of wheat was expected to reach 56,116,000 bushels, exceeded only by the 1931 crop of 67,983,000 bushels. The 1940 crop was 29,355,000 bushels and the 1930-1939 average 31,360,000 bushels.

Increase was chiefly due, the survey said, to an average yield of 13.5 bushels an acre, compared with the 10-year average of 9.8. There was an increase in acreage for harvest to 3,401,000 acres, compared with the 10-year average of 3,124,000 acres.

An oats crop of 39,803,000 bushels was anticipated, much of it being already harvested.

Condition of corn was reported at 67 per cent of normal, compared with 72 per cent for the two preceding years.

MURCHISON SEEKS INFORMATION ABOUT FUNDS FOR PENSIONS
GOES SAN ANTONIO SEE IF FEDERAL MATCHING FUNDS AVAILABLE FOR JUNE

AUSTIN, June 14.—(P)—Director J. S. Murchison of the state welfare department, was in San Antonio today to ascertain whether federal matching funds will be available to increase June old-age pension grants to an average of \$18.50.

The director was to confer with officials of the federal social security board in the regional office. Federal funds are being sought to match a state emergency appropriation of \$1,750,000 made available by the Legislature to prevent further cuts in pensions for June, July and August.

Unless additional federal funds are granted, June checks will average \$9.50, as compared with \$11.47 in May.

Murchison was quoted in a statement issued by the department as saying officials of the social security board "are helping in every way possible to speed up our request for funds."

He asserted that the regional office was reviewing the emergency appropriation act and other material subcommittee and "we expect it to be in Washington Monday morning."

"However, it takes time to get final approval on such matters and for the United States treasury to get a check back to Texas," he said. "The checks to the old-age recipients will have to be held up until we can get the money."

Pension checks usually are mailed about the 15th of each month, but it is believed that the June checks would be at least a week later.

If federal funds are granted to raise the average check to \$18.50, it will be the highest since the pension program was started in 1933.

Request Presented For Additional Funds

SAN ANTONIO, June 14.—(P)—J. S. Murchison, director of the state public welfare department today presented a revised old-age pension grant request for \$3,114,987.30 at the regional office of the social security board here.

The additional funds requested amount to \$804,517 and were asked to match state funds to increase the June old-age pension grants to an average of \$18.50. The original request was for \$2,310,291.08.

Murchison conferred with James B. Marley, regional director, and L. E. Harwood, executive assistant at the office here. Marley said that it was assumed that the state would be granted the additional amount because it was as much entitled to additional funds as they were to the first grant. The federal government, Marley continued, will match up to 50 per cent of the state grant.

Federal funds are being sought to meet a state emergency appropriation of \$1,750,000 made available by the Legislature to prevent further cuts in pensions for June, July and August. The federal grant is for the quarter ending June 30.

Shower at Pickett
Wednesday, June 4,
For Recent Bride

Mrs. Charles Rhoads and Mrs. Ben McKey entertained with a miscellaneous shower in honor of Mrs. Walter Pierce of Mexia, formerly Miss Nelma Lee McKey, a recent bride of Pickett, at Mrs. Rhoads' country home at Pickett on Wednesday, June 4 from 2 to 5 p.m.

Mrs. Sam Nagy planned the games which were: "You Auto Know," "What to Feed a Husband" and "My Flower Garden," which caused much merriment among all.

Mrs. Don Borsellino of Corsicana won the first prize, a cut glass sugar bowl and cream pitcher. Mrs. Judd Thomas of Pickett won the second prize, a pot lifter, and Betsy Doris Stokes the third prize, embroidered cup towels. They each presented their prizes to the bride.

When Mrs. Nagy and her young daughter, Andra, presented the large yellow wicker basket of gifts to the bride, they sang "Happy Birthday to You" as the honoree married the 20th of May, had a birthday the 30th of May, and grad-

Misses Hattie and Ruth Daniel are visiting their aunt in Waco.

Bowen Bond spent Saturday in Lamesa.

Rev. B. A. Watson of Mount Pleasant is holding the Methodist revival this week.

Woodrow Patterson of Beaumont spent last week end here visiting friends.

Mrs. C. E. Weldon and daughter, Joyce, are visiting Mr. and Mrs. Van Nettles in Austin this week.

Lloyd Pittman and Henry Steward, who are attending Fyfe Aircraft School in Dallas, spent some time at the home of their parents Monday night, June 9.

After a picnic supper, the girls went to the picture show. Upon their return everyone enjoyed games on the lawn and a midnight lunch. After a sunbath breakfast in the morning the girls returned to their homes at Midland.

Rev. W. R. Miller is recovering from an attack of mumps.

Mr. and Mrs. O. H. Juren visited in Fort Worth last week.

Joe Richards and Ray Vettal and son, Billy Ray, visited in Mexia Monday.

Mr. and Mrs. Gordon Lyons returned from their vacation in Portales, N. M., Thursday.

Misses Sammey Joe Calame and Marjorie Miller of Wortham are guests of Miss Lurline Gilpin here this week.

Mr. and Mrs. Edward Parker of Goose Creek visited Mr. and Mrs. W. A. Parker last week end.

Misses Lettie Jo Martin, Dell Lane and Marjorie Tate were in Palestine last week end.

Surviving are four sisters, Mrs. Willie B. Hooser and Mrs. C. R. Blake, both of Frost; Mrs. Carrie Couch, Dallas, and Mrs. Dano Griffis, Albany, and a brother, T. Scott, Frost.

Officers Elected By Dawson Lions

DAWSON, June 13.—The following officers have been elected by the local Lions club:

R. L. Waller, president; Henry Price, B. F. Matthews and W. F. Berry, vice presidents; J. F. Mullin, lion tamer; C. M. Newton, Jr., tall waiter; J. E. Davis, secretary-treasurer; V. T. Matthews and W. A. Conner were added to the board of directors.

FAMED SQUARE-DANCE CALLER OF OLD WEST BURIED AT STANTON

STANTON, June 16.—(P)—William (Windy Bill) Wilkinson, 70-year old famed square dance caller of the Old West, was buried here today.

Wilkinson was widely known as the caller of whom Larry Chittenden wrote his "Cowboy's Christmas Ball" at Anson:

"They called him 'Windy Bill' from Little Deadman's branch."

Survivors were the widow; five sons, A. C. of Ponca City, Okla.; J. A. of Dallas, Bart of Big Spring, Sam and Eddie of Stanton; three daughters, Mrs. Lorena Lynch of Big Spring, Mrs. C. J. Cox of Garden City, Mrs. Kenneth Lee of Gainesville, and sister, Mrs. Luis Johnson of Galveston.

Wilkinson recalled the time while living on his claim where Lubbock now stands, seeing a herd of 500 antelope drifting along his property. There was a fence and when the animals became excited, their horns became entangled. It was an easy matter for him to catch what he wanted for meat.

Wilkinson was born in Denton county, March 16, 1862.

He moved into West Texas and began purchasing cattle on ranches

including the Goodnight at Clarendon, the Swensons at Stamford and other equally prominent ranches. In 1879 he drove a herd of longhorns to Fort Dodge, Kan., and in 1880 drove another herd from 100 miles below Fort Worth for W. T. Huston and W. T. Carpenter, pioneer ranchers of that section.

Wilkinson worked for Capt. W. (White) Raines of Memphis, Tenn., who had ranching interests in Stonewall county and his meeting with Col. Charles Goodnight, founder of a cattle empire in the Panhandle, was the realization of one of his most cherished ambitions. He was one of the first settlers on the plot of ground on which Lubbock now stands. He filed on the section of land which became the townsite, south of the draw and built a shack. After about two years of residence on the land, Wilkinson sold out and went back to Jones county.

Report.

Report Is Made Easter Seal Sale

Citizens of Corsicana and Navarro County contributed \$336.68 to the Texas Society for Crippled Children through purchase of Easter seals according to a tabulation in "The Voice," official publication of the Society in its June issue.

The statement shows a total of 1770 letters were sent out, with a total expense of \$74.08; gross returns were \$336.68, and net proceeds were \$262.60. Cost of the campaign was listed at 22 per cent.

STRIKES

(Continued From Page One)

French troops in ancient Sidon, northernmost city visited by Jesus, to fall back to within 12 miles of Beirut, while another outfit, driving inland from the coast, occupied Dejezzine 12 miles east of Sidon, the British said.

Two hours after the strike started Mayor Lysio announced he had dismissed five garage employees under his control and said he might recommend discharge of about 150 other striking employees.

The defense mediation board has no power to enforce its recommendations for settling the dispute but President Roosevelt has told both management and labor that the American people expect "the impartial recommendations" of the board to be accepted.

The board has no power to enforce these, but President Roosevelt has told both management and labor that the American people expect "the impartial recommendations" of the board to be accepted.

Strikers at the yards belong to

the American Federation of Labor and the Congress of Industrial Organizations. The AFL members voted 585 to 400 yesterday to continue the strike and the CIO contingent went along by a vote of 350 to 60.

Both want \$1.15 an hour and double pay for overtime. They have been offered \$1.12 and time and a half.

The strike has held up a \$500,000 ship building program but a back-to-work movement by AFL workers except machinists has reached a point that operations are generally normal with the exception of the machinists.

Better news for government men, going to prevent delay in defense production was the action of thirty-three local units of the CIO Industrial Union of marine and shipbuilding workers who ratified a two-year agreement designed to prevent labor strikes in five Atlantic coast shipyards.</p

CONTRACT ENTERED BY COMMISSIONERS FOR REFUNDING BONDS

PART OF BLOOMING GROVE ROAD DISTRICT BONDS WILL TAKE LOWER INTEREST

A contract for the refunding of \$17,000 bonds in Road District 8, Blooming Grove, from five per cent interest to three or less per cent was entered Friday afternoon by the commissioners' court with the J. R. Phillips Investment Company of Houston. After considerable discussion, the motion was made by Commissioner J. R. Gillen and was seconded by Commissioner John Wilson. All voted against Commissioner C. M. Fitzgerald had previously made a motion to defer action until July 1. There are \$58,000 outstanding bonds of an original issue of \$100,000. Those to be refunded have matured on options during the past nine years and all would mature in 1956, it was stated.

H. B. Bomar, insurance representative, said apparently several insurance policies had been written during the past few weeks that had not been authorized by the court, and asked that outstanding policies not available when he made a recent survey be made available so the survey could be completed. He said that \$24,500 new business had been written and \$15,000 more by one firm, he believed, without authorization from the court. He said that in Dallas, the county business is handled through the insurance exchange.

No Increase in Insurance.
Auditor E. Y. Cunningham said the amount of insurance carried was the same as had been for years. He said one new hospital policy had been written to care for and adjust one cancelled, equalizing building and equipment coverage to its changed conditions. "I have had authority to buy any new insurance," Cunningham pointed out, and said the amounts mentioned above were five-year renewals and not new business.

Cunningham said other surveys had been made in his office without the necessity of turning all policies over to be carried from the court house to make the surveys. He suggested the custody of the policies be placed in the county judges' office, but Judge McCormick said he would not assume the custody as it was not part of his job.

A discussion of reports of exemptions of gasoline used in county road machinery was held between the commissioners and auditor, looking toward more complete reports so that less errors will appear in the refund account from the state auditor, from the state controller's department, conferred with county officials during the day and looked over reports.

A letter was read from the Southern Pacific Lines asking that the piling recently purchased by the county from the interurban salvage company in Chambers creek bottom north of Corsicana be removed as soon as possible as it was a hazard to the railroad properties in that drifts might become lodged and then damage the railroad trestle in that vicinity.

A letter from the Texas Dirt Farmers' Congress seeking an appropriation of \$25 toward the expenses of 31 Texas farm representatives at a hearing in Washington, Monday, June 16, relative to soil conservation, etc., along the Trinity river watershed, was read but no action was taken on the matter.

The Crockett school building was designated as the site for Precinct 1 balloting at the June 28 elections.

Election Judges Appointed.

W. G. Owen was appointed as election judge at Mildred with R. M. Martin as associate judge.

Returns from the recent school election held at Pursley were canvassed and declared. Fred Copeland and Will Cooper received 27 votes each and were declared elected. Bill Burns and Horace Hellums received two votes each. A three-way tie resulted in the trustee election held earlier in the year.

Permission for the purchase of a typewriter in the district clerk's office was granted.

To Take Over Air Force.
NEW YORK, June 16.—(AP)—General Jean Marie Bergeret, the French Secretary of State Aviation, has been assigned to take over command of the French air force in Syria, the German radio reported today from Vichy.

EFFORTS COMBINE FIELD AGAINST BIG FOUR WERE FAILURE

HEAVY CAMPAIGN SCHEDULE FOR WEEK MAPPED BY MAJOR CANDIDATES

By The Associated Press.

Wheeled Arlon Barton C. clone Davis is going to have another try at uniting the 23 "unrecognized candidates" in Texas' U. S. senatorial race behind a single dark horse in an effort to defeat Gov. W. Lee O'Daniel.

His first effort fizzled when the Good Government Forum, which invited the 23 to appear, ruled his motion to that effect out of Park, Dallas, yesterday. Davis' order, that "fiery debate" at City Hall be a candidate immediately called another meeting for next Sunday at 2:30 p. m. "under the auspices of the candidates themselves."

His motion also included a challenge to the "Big Four" (Gov. W. Lee O'Daniel, Gerald Mann, Martin Dies and Lyndon Johnson) to meet here or at the White House door to discuss this crisis from the forum floor.

Before Davis submitted his resolution the four candidates who accepted the forum's invitation printed their cases.

There was a slight interruption when E. M. Edwards, a former president of the Good Government Citizens' League mounted the platform waving an American flag and insisting he had a permit to hold a meeting. He was hustled off and took a seat with the crowd.

Need 23 Pairs Crutches.

Then a woman asked Chairman Jamerson to announce the Forum needed four sets of crutches for underprivileged children.

"Four, shouted a member, "we need 23 pair for our unrecognized senatorial candidates."

Joseph C. Bean of Bay City, who said he was a cousin of Judge Roy Bean, the Law West of the Pecos, couldn't finish reading his platform because "my eyes have kinda gone bum on me."

Pollie Elvins, Valley citrus grower and the only Republican in the race, said he felt his experience as a former congressman from Missouri qualified him better than the others.

C. L. Somerville, Dallas lawyer, said "I don't mind so much if they don't elect me, but I don't want O'Daniel elected."

Davis, who is somewhat of a phrase maker, boomed he was "superprepared to resist invasion."

Meeting Ends in Peace.

"Seven of my grand-uncles got off the Mayflower and fought in George Washington's army," he said, waving his arms.

The meeting ended in peace with a song "God Be With You Till We Meet Again."

The other four candidates in the race mapped a heavy campaign schedule for the week:

Governor O'Daniel.

Monday—Seguin, Luling, Schulenburg, Galveston, Houston.

Tuesday—Liberty, Port Arthur, Beaumont, Jasper, San Augustine, Center, Henderson, Tyler.

Wednesday—Longview 9 a. m., Marshall 10 a. m., Jefferson 10:45 a. m., Linden 11:15 a. m., Atlanta 11:45 a. m., Texarkana 1 p. m. (broadcast), Ma. Pleasant 3 p. m., Paris 4:30 p. m., Bonham 8 p. m., Pecos 8:30 p. m.

Thursday—Guadalupe 9:30 a. m., Denton 10:30 a. m., McKinney 1 p. m. (broadcast), Greenville 2:30 p. m., Terrell 3:45 p. m., Dallas 8 p. m.

Friday—Cleburne 9 a. m., Stephenville 10:30 a. m., Comanche 11:30 a. m., Brownwood 1 p. m. (broadcast), Coleman 4 p. m., Binger 5 p. m., San Angelo 8 p. m.

Saturday—Unplanned.

Attorney General Mann.

Monday—Decatur, Ralls, Spur, morning; Stamford, Haskell, afternoon; Alpine, night.

Saturday—Sweetwater, Colorado City, morning; Big Spring, Stanton, Midland, Odessa, Monahans, afternoon; Pecos, night.

Congressman Dies.

Monday—Atlanta, day; Texarkana, night.

Tuesday—Sulphur Springs, night. Wednesday—Houston, night. Thursday—Dallas, night.

Friday—Wharton, night.

Saturday—El Paso, night.

Congressman Johnson.

Monday—Austin, night. Tuesday—Corpus Christi, night. Wednesday—Hillside, night.

Thursday—Marshall.

Friday—Waco.

Saturday—Sherman, morning; Denison, night.

And then!

INTERNATIONAL

(Continued From Page One.) British reported that American commandos routed an Italian motorized column in the Gambut area, 40 miles west of the Egyptian border.

Details of the rescue of the 35 survivors of the S. S. Robin Moor were not immediately available. Eleven other survivors of the 40 persons on board the vessel—America's first torpedo victim in the war—had previously arrived in Recife, Brazil.

Further identification of the Nazis underaged radio was expected from the 35 survivors in Cape town, since the group includes the chief officer of the Robin Moor who talked with the submarine commander before the Robin Moor was sent to the bottom by a torpedo amidships and a barrage of shells.

Passengers and crew were given 30 minutes to abandon ship.

Sold Would Wireless Position.

Survivors at Recife said the submarine commander declared he would disclose the position of the vessel to expedite their rescue.

Washington officials have charged that the sinking was a violation of humanitarian rules for submarine warfare.

In London, it was indicated that Gen. Sir Archibald P. Wavell, commander-in-chief of the British army of the Nile, may have launched a new offensive to wrest Libya from the axis.

The German high command said 60 British tanks were destroyed and that a British attack in the Salum area, on the Egyptian-Libyan frontier, "collapsed" under the combined resistance of axis troops and warplanes.

The British said their forces destroyed 12 axis vehicles in the Gauport sector. Other details were learned.

Premier Mussolini's high command also described the battle as raging on the Salum front and asserted that the British, striking "in force" after several days of patrol activity, had been "repulsed everywhere."

Hilter's high command credited the Luftwaffe with shooting down 11 British planes, and it noted tersely that "the fight is still going on."

Middle East Sector.

In the Middle East, British and Free French columns were reported to have clashed through key defense positions of Damascus and Beirut, leading the British to predict early capitulation of both capitals in the 9-day old invasion of Syria and Lebanon.

Nazi warplanes, now openly aiding the hard-pressed Vichy French forces, were reported to have sunk a light British cruiser and damaged a heavy cruiser off the Lebanese coast.

The German high command, in making this claim, also declared that Nazi air formations raided the coast of Lebanon, with French planes downing two British destroyers and French warships engaging a British force of two cruisers and four destroyers.

One destroyer was reportedly heavily damaged and set afire in an attack by French naval planes.

Counter-attacking French troops were said to have stopped the British thrust toward Damascus, according to these dispatches.

Other Developments Included:

1. Premier Mussolini's government "froze" American bank accounts in Italy, in reprisal for like action taken Saturday against axis holdings in the United States. A Berlin spokesman cautiously termed President Roosevelt's order "unjustified."

2. In the Far East, the governor general of the Dutch East Indies said his government had notified Tokyo that the Indies rejected "any thought" of being drawn into Japan's proposal for a "new order in East Asia."

Italian Surrender.

3. On the Ethiopian war front, the British reported the surrender of 2,000 Italian troops in the Soddu area.

Reports that Adolf Hitler would address the Reichstag this week were unconfirmed in Berlin.

5. Newspapers in Helsinki, Finland, advised that children were sent from the capital into the country for at least a month—a possible tip-off that the Finns may expect

Resigns

DEATHS

(Continued From Page One.)

Tom West, 68, was shot to death at a Long Lake plantation yesterday and D. M. Jarrard, plantation foreman, was charged with murder. Jarrard said he acted in self defense.

J. W. Wade, Jr., 16-year-old Fort Worth high school student, died of a pistol bullet wound received when the weapon accidentally discharged when it was handed to him by a companion.

Vaughn F. White, 24, manager of the Britton-Carverne Lumber Co. in Annaheim, was wounded fatally on a Sunday hunting trip.

John W. Glenn, 22, and Wilbur Ross McDowell, 21, both of Tyler, were killed in a motorcycle wreck early Sunday.

Body Found Hanging.

Justice of the Peace L. S. McGuire was investigating the death of Joel L. Duke, 45, whose body was found hanging from a meat rack in his grocery store at Fort Arthur late Sunday.

Mrs. Nora Rauch of Wichita Falls was fatally wounded Saturday by a deep knife wound. Her son, Clarence, was charged with murder.

A. W. Westfall, 58-year-old Fort Worth invalid, was burned fatally Saturday when bedding caught fire.

Walter E. Patterson, district wire chief for the Southwestern Bell Telephone company, died on a Houston sidewalk Saturday after an alteration. An autopsy showed death was caused by a fractured skull and hemorrhage. Murder charges were filed against Jim H. Peyton of Greenville.

Leon Simpson, 20, of Turney, died after he was run over by a freight train at Jacksonville Saturday night.

George H. Watson, Wichita Falls insurance man, was injured fatally when his automobile overturned Saturday.

NURSES

(Continued From Page One.)

Now the nurses' rooms are furnished comfortably with beds, writing desks, dressing tables and large sitting chairs. The apple box has disappeared from the reception room, which has a divan, radio and other home-like furnishings.

Only seven of the nurses here are regular nurses. The rest are reserve officers—second lieutenants—called to active duty.

The uniforms are standard white, with an "N" on one collar and the rank bar on the other.

In the winter an olive-drab uniform is worn and soon the nurses will receive their new field uniforms—navy blue, with a light blue blouse and Sam Brown belt.

Off Duty Hours.

When the nurse is off duty, her time and pleasure is her own, so long as she conducts herself in soldierly fashion.

Army life has added to the nurses' vocabulary of slang. The psychiatric ward is called "Cocaine Grove," and sometimes, when the rains come or some other unpleasantness arises, they will call Camp Bowie "Camp Hooey" or "Camp Phooey." But they really don't mean it, for army nursing is an experience most of them would not want to miss.

Most of the nurses are amazed at the army's medical successes.

Last winter there were 800 pneumonia cases at Camp Bowie and the loss of a patient.

News of County Home Demonstration Clubs

(Continued From Page One.)

Oak Valley Club.

Every homemaker should have her home business organized. Mrs. M. Stover, of the Oak Valley club, June 12 in the home of Mrs. W. N. McNeill.

We should check our business articles and have them handy if they are needed in a hurry.

Each club member was given a list of questions on "Is Your Household Business Organized?" to answer. The score was then counted to see what each member made on her questions.

Meigh Owens made the highest score for having the best business organized. Each member is urged to check each article and try to organize her household business in the proper manner.

A timely topic on "Castor Beans" was given by Mrs. M. M. Bounds. Since there is a shortage of castor oil, the farmers are urged to raise castor beans for this purpose.

Mrs. G. H. Farrell led a game of filling in blanks in sentences with the name of some club members. The prize was won by Mr. C. M. Slover. The club selected Mr. Slover to go to the short course at A. and M.

During the social hour the hostess served tuna fish sandwiches, cookies and punch to 21 members, two new members, Mrs. Edgar Ward, and two visitors, Mrs. J. W. Arnett and Mrs. Ansley Brewer. The next meeting will be with Mrs. J. D. McManus, June 26. Report.

Brushie Prairie Club.

"A sick person's bed should consist of an under-sheet tucked at the head; a draw-sheet tucked at both ends; a top sheet tucked over the foot, and the cover or spread over the foot of the bed and tucked in." Miss Marie Smith, assistant bedroom demonstrator, told the Brushie Prairie Club at the home of Mrs. Ellen Hough June 13.

Quickness in changing the bed is very important so as not to tire the patient, she stated.

Fresh air and cleanliness are of most importance in the sick room, she continued.

Miss Charles Turner gave a discussion in lecture form on the use of a cooker and the ways to can with both the tin cans and glass jars in the timely topic period.

The club elected Mrs. Loyd Ritter representative to go to the farmer's short course in July.

The hostess served iced grape-juice and cake to seven members and three visitors, Mrs. W. H. Carter, Mrs. J. D. Hugie, and J. M. Haddox.

The next meeting will be with Miss Marie Smith June 27. The agent will be present.

for those who are interested.

Everyone is invited to attend.

Reporter.

LEGISLATURE

(Continued From Page One.)

Gaylord J. Stoen of Fort Worth

as a member of the Texas prison board for a six-year term expiring Feb. 2, 1947.

He also appointed Raymond Dillard of Mexia and T. C. Ashford of Maud members of the state prison board for six year terms.

(The speed of the Italian counter-action prevented Americans from replenishing their cash by withdrawals from checking accounts.

(The freezing of Italian credits in the United States was ordered Saturday, after banking hours in Rome, and the Italian measure came with the reopening of banks after the week end.)

No Italian estimate of American property holdings and credits will be available until it appears in the regulations, but Americans can be understood to own shares in about 80 Italian companies. (Washington dispatches estimated the value of American interests at about \$142,000,000.)

American circles expected an agreement to be reached for transfer of enough funds for their living expenses after the Italian and American governments have ascertained exactly what measures each is taking.

ITALIAN

(Continued From Page One.)

joys extraterritorial privileges, but Americans thought the decree would mean the property in Italy of all Americans.

Those who sought to withdraw

their money were turned away and the Bank of Italy instructed other banks to block their checking accounts.

(The speed of the Italian counter-

action because of the European war.
